How has the Fund performed?

This section tells you how the fund has performed over the past 6 year(s) for a policyholder who chose the 75% maturity/100% death benefit no-load guarantee option. Returns are after the MER has been deducted. The returns for the fund in each of the 75/75 and 75/100 options available will vary due to differences in the MER based on the guarantee level and sales charge option selected. It is important to note that this does not tell you how the fund will perform in the future. Also, your actual return will depend on the guarantee level and sales charge option as well as your personal tax situation.

Average Return

A person who invested \$1,000 in the fund and chose the 75/100 no-load option 6 year(s) ago now has \$1,110.94. This works out to an average of 1.77% per year.

Year-by-year Returns

This chart shows how the fund has performed in each of the past 6 year(s) for a policyholder who chose the 75/100 no-load option. In the last 6 year(s) the fund was up in value 3 year(s) and down in value 3 year(s) of the 6.

Investments. Insurance. Advice.

Are there any guarantees?

This segregated fund is being offered under an insurance contract. It comes with guarantees that may protect a policyholder's investment if the markets go down. The Management Expense Ratio (MER) includes the insurance cost for the guarantee. For details please refer to Guarantees on Policies Invested in Segregated Funds in the Information Folder and Policy.

Who is this Fund for?

For investors seeking a diversified portfolio with a strong weighting towards Canadian and foreign bonds. Investors should be comfortable with small ups and downs of the market.

How much does it cost?

The following shows the fees and expenses you could pay to buy, own, and sell units of the fund.

1. Sales Charges

This is a no load product. There are no deferred sales charges. When you make a deposit, Co-operators pays your financial representative a commission of 0.75%. 100% of the assets received by Co-operators are used to buy units.

2. Ongoing Fund Expense

The Management Expense Ratio (MER) includes the management fee and operating expenses of the fund. The MER includes the insurance cost for the guarantee. You do not pay these expenses directly. They affect you because they reduce the return you get on your investment. For details about how the guarantee works, see your Policy and Information Folder. For details on the MER, please see the Information Folder.

3. Trailing Commission

For the services and advice provided to you, Co-operators pays your financial representative a trailing commission for as long as you own segregated funds. The annual trailing commission of 0.20% is paid from the management fee and is based on the value of your fund assets.

4. Other Fees

You may pay other fees when you sell or transfer units of the fund.

Withdrawal service fee	\$35 after the third withdrawal each calendar year
Short-term trading fee	2% of the value of units you redeem or switch within 90 days of investing in the fund

What if I change my mind?

You can change your mind within two business days of the earlier of the date you received confirmation or five business days after it is mailed. You have to tell us in writing (email, fax, or letter) that you want to cancel. The amount returned will be the lesser of the amount you invested or the value of the fund if it has gone down. The amount returned only applies to the specific transaction.

You can also change your mind about subsequent transactions you make under the policy within two business days from the date you received confirmation. In this case, the right to cancel only applies to the new transaction.
