PART 3 - PHYSICIAN INFORMATION

Please be advised that the request for Botox to treat migraine must be provided by a physician with specialty training in the management of headache (i.e. neurologist, pain management specialist). Administration should only be given by physicians with the appropriate qualifications and experience in the treatment, use, and proper administration of Botox for headaches.

If approved, requests will be based on the Health Canada approved dosage recommendation of 155-195 units every 3 months for the prevention of headaches in adults with chronic migraine. Coverage for Botox will be limited to 200 units every 3 months (maximum of 800 units per 12-month period).

Note: The administration of Botox for cosmetic purposes is strictly excluded from coverage.
