

ADDENDA

CAPITAL

INVESTOR PROFILE

Suited to investors seeking growth over a long-term investment horizon with an actively managed mix of equities from countries throughout the world along with Canadian dollar and foreign dollar denominated debt instruments. Investors should be able to accept a low to moderate level of risk.

INVESTMENT OBJECTIVE

To achieve long-term capital growth by investing in a diversified portfolio of Canadian and non-Canadian equity securities, fixed-income securities, Canadian commercial mortgages, and money market instruments and/or cash equivalents.

INVESTMENT STRATEGY

The fund intends to achieve its objective by investing in individual securities or units of other Addenda-managed pooled funds that focus on specific market niches. Short-term investments must carry a maturity of less than one year at time of purchase. Canadian equities must be listed on the TSX or any other Canadian stock exchange. Foreign securities must be listed on any stock exchange located in a country that is part of the MSCI World Index or MSCI Emerging Markets Index.

Futures contracts, forward contracts, swaps, options, repurchase and reverse repurchase agreement and other derivatives may be used to achieve the fund's objectives.

ESG criteria is also incorporated in the investment analysis and decision-making process.
